**Stop archiving
the hard way...**

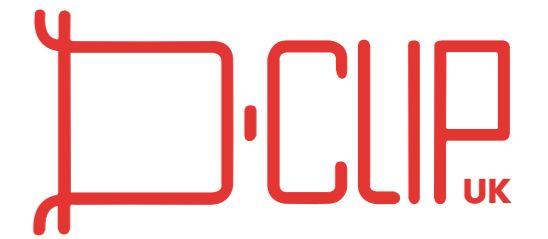

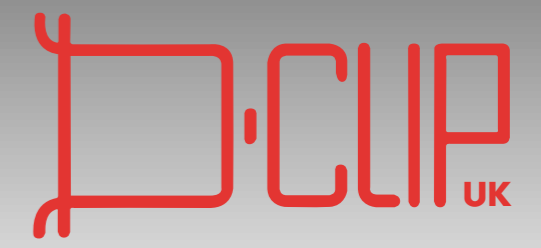

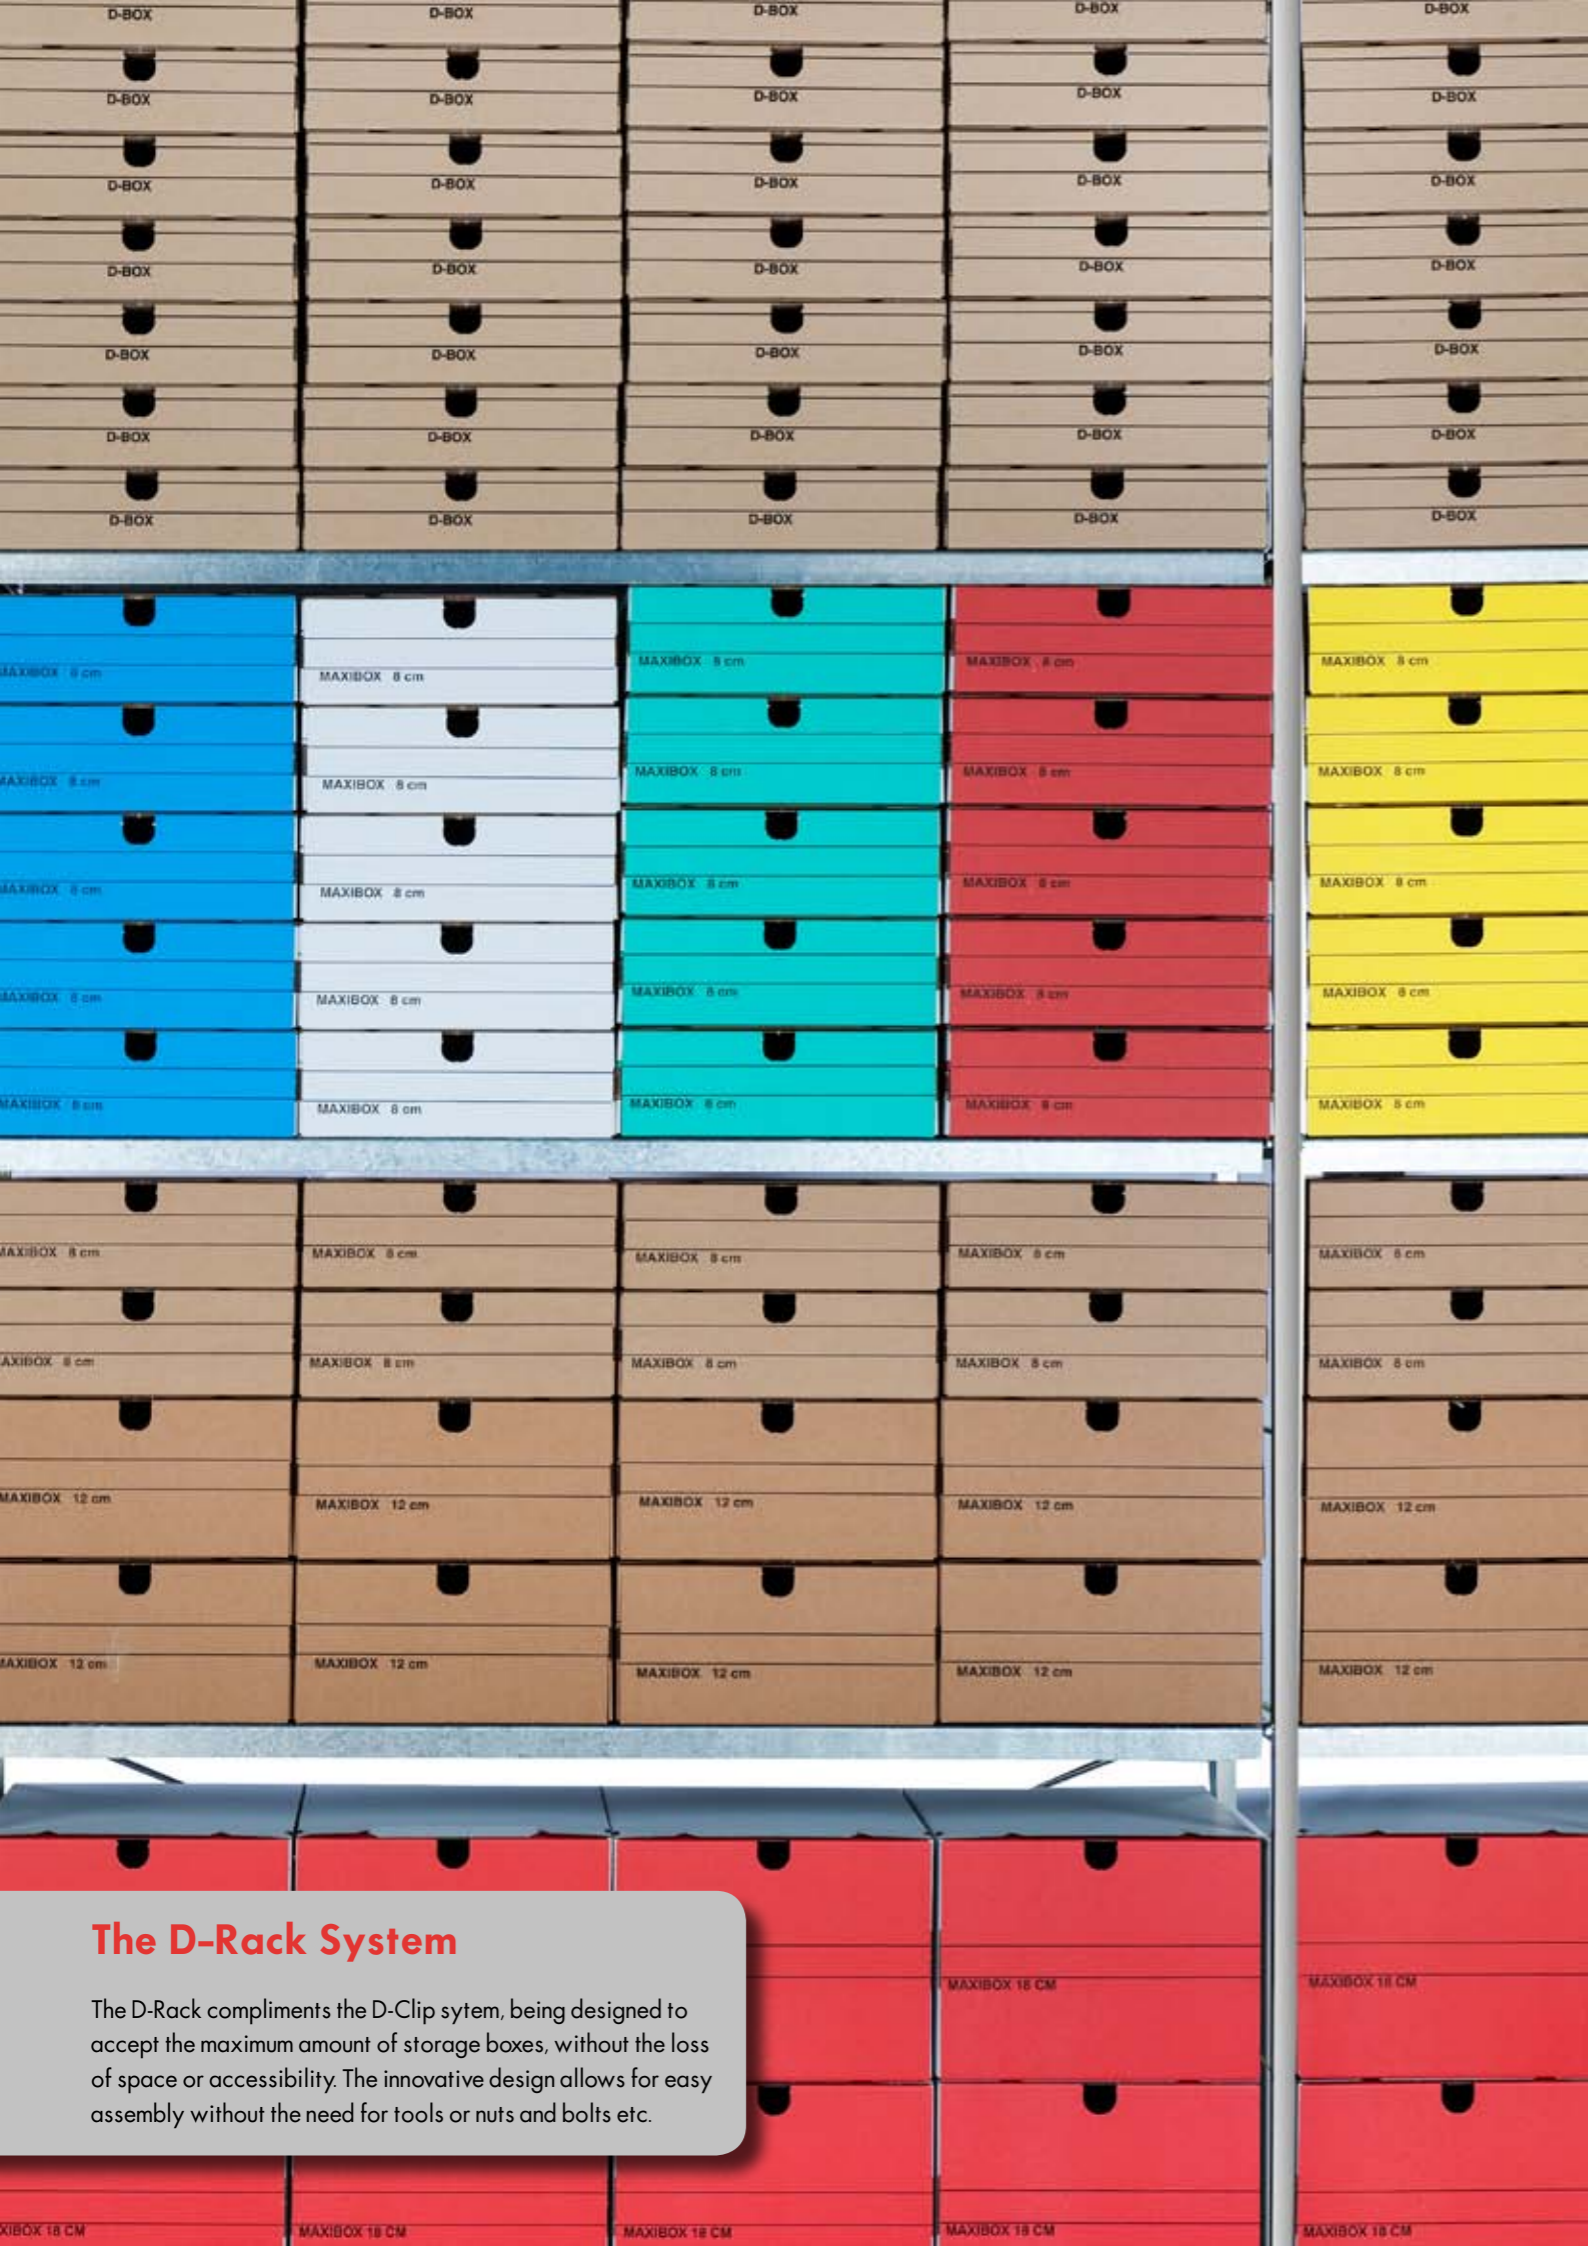

Do you find it a nightmare when searching for vital documents?

How do you solve this problem?

Are you aware that in 99% of all cases, company archives have been found to take excessive space, causing time loss and staff frustration when accessing records...

Stop archiving the hard way...

Choose the D-Box system

Saving yourselves time, space, money and helping the environment.

1 File – 1 Archive Box = Individual Access

In every situation the D-Box systems savings are clearly visible!

...Efficiency in simplicity

The D-Clip

Simply empty each lever arch file in seconds! Contents securely bound in order for future Reference.

All D-Clip bound documents can then be stored in the specialist D-Boxes.

Over 8 million Sold Annually

The D-Rack System

The D-Rack compliments the D-Clip system, being designed to accept the maximum amount of storage boxes, without the loss of space or accessibility. The innovative design allows for easy assembly without the need for tools or nuts and bolts etc.

D-CLIP UK

Choose the D-Box system

With well in excess of 4000 Lever arch files emptied and recycled every hour, thanks to the D-Clip, this product deserves your attention! With cost, space and environmental advantages over any other storage product on the market, it's no wonder the D-Clip system is so popular.

...Efficiency in simplicity

D80-Drawer (for D-Box 80) Increases the versatility and rigidity of the D-Box system allowing the easy archiving of unclipped or loose items. 2 Piles of A5 documents or used till rolls can be filed in one box (Pk 25)

D-Case Used in conjunction with the D-Clip, simply fold the pre-creased board around the contents to obtain a free standing, space saving archive solution. Pre printed on outer packaging to label the contents. 14 D-Cases can be stored on a single shelf of the D-Rack system (Pk 25)

Best Seller in it's Class!
